Mr. Stanley Campbell,  
Candidate for United States Senate, State of Florida

Mr. Campbell,

The International Union of Police Associations (I.U.P.A.) Local 6020, is the certified collective bargaining agent and union representing the deputy sheriffs and sergeants within the Department of Law Enforcement of the Broward County Sheriff's Office. Our organization is currently comprised of over 1,200 members. The I.U.P.A. Local 6020 recently conducted an endorsement interview with you, and a summary of your responses to our questions were provided to the I.U.P.A. Local 6020 members for their review. The I.U.P.A. Local 6020 conducted a vote with the membership which resulted in a decision to endorse you in your election for United States Senator from the State of Florida.

In your interview you acknowledged the importance law enforcement plays for society to function and you highlighted the importance of elected officials supporting law enforcement. Your interview answers captivated our members as you discussed your early work with N.A.S.A., writing code for use in the Voyager 2 spacecraft, as well as your later service as an aviator in the United States Navy, where you flew dignitaries and heads of state. You are a proud graduate of the Florida Agricultural and Mechanical University, (F.A.M.U.), and have gone on to use that education to do great things for our nation. Your extensive work in artificial intelligence resulted in the code that helped to identify and capture the BTK serial killer. You have pledged your support to the law enforcement profession and ensured us that you are willing to maintain an open line of communication with I.U.P.A. 6020, which we greatly value.

The I.U.P.A. Local 6020 appreciates your commitment to our shared values and your support of the law enforcement profession. We wish you well and hope that you are victorious in your race for the U.S. Senate with the full endorsement of our membership.

Best Regards,

Donald Prichard, President  
International Union of Police Associations (I.U.P.A. 6020)
