Dear Stanley,

I am honored to write this letter of endorsement to support your momentous run for the United States Senate! I have had the privilege of knowing you for over 40 years, and have seen the birth of your three sons and your marriage to Cheryl. I have watched you grow from your days as a Navy pilot running your flight business, to your move back to the technology arena. Our long-standing relationship was built on mutual respect and admiration, and I am delighted to share my unequivocal support for this endeavor as you take on this run.

Throughout the years, I have known you as a man of remarkable integrity and determination. I, along with my family, have personally experienced your exceptional skills and dedication, having seen you as our pilot and watched you grow into the technology space. Your precision, reliability, and commitment to excellence are evident in everything I have known you to begin. I know that your work in the Senate will reflect the same qualities that you bring to all aspects of your life.

Throughout the decades, you have demonstrated an unwavering commitment to your community. Your deep understanding of the issues has earned my trust many times. Whether it's my position on matters regarding the Middle East or aiding in the release of our captured Navy pilots, your support has been invaluable. Your experience as a businessman and your knowledge of Artificial Intelligence will greatly benefit the people of Florida. I have witnessed your professional and community leadership growth over the years. You have uniquely positioned yourself as the advocate and fighter Florida needs. Your dedication to justice, equality, and progress aligns with the values I have championed throughout my career and I am honored to pass the baton to you.

Stanley, your vision for a better Florida resonates with hope and possibility and from where you started, you know more than most, the art of the possible. Your leadership is characterized by a genuine desire to serve and uplift those around you. I recall you with the P-9 workers and those ladies who could not go to the restroom and with me, you were there. You possessed the courage to tackle the most pressing challenges we have faced, and I have watched your wisdom as you navigated the complexities of today's world.

It is with great enthusiasm that I endorse you and I have no doubt that your leadership will bring positive and transformative change to Florida. I learned from our first meeting in the Howard Inn years ago to believe you when you say you will win. You are a man of action, principle, and unwavering commitment to the betterment of your community. I cannot wait to see you become the best Senator from the great state of Florida.

Sincerely,

Rev. Jesse L. Jackson, Sr.
